We have a lot of space. There's a lot of space for playing sports. If you need help with the learning, the teachers help you straight away.

I like the Podley and playtimes because of Opal - it gives us more playing ideas to do outside instead of just chatting and doing nothing. There are lots of nice people and teachers at Wychwood.

I love our OPAL playtimes where we are able to play with lots of activities on the playground and school field throughout the year. I particularly enjoy the mud kitchen, using the howlers and tennis on our astro pitch.

I love how we are able to use our school grounds for our learning, such as visiting forest school. Also, I am always excited for our trips and residentials outside of school which help us to learn more. This year, I can't wait for our visit to Slimbridge and the World War II STEAM Museum.
